Mortgages Course Challenge Package and Examination Information

OVERVIEW
The Mortgages Course Challenge Package provides candidates with the opportunity to study the course materials at any time and to work at their own pace. In order to enhance your learning experience, the UBC Real Estate Division does provide candidates with access to the Course Resources webpage and the central tutor support service. Please note that candidates must write the challenge examination within eighteen months of receiving permission from the BC Financial Services Authority (BCFSA).

ELIGIBILITY
In certain cases, individuals may be permitted by BCFSA to challenge the Mortgages Course. Please see the BCFSA FAQ's webpage for further detail.

REGISTRATION
All candidates must first receive permission from BCFSA before registering with the UBC Real Estate Division.

FEES
The challenge package fee is $350 and includes the course materials (such as the course manuals, student handbook, study guide and course workbook) and access to the Course Resources webpage and tutorial service. The regularly scheduled examination fee is $85 and the computerized examination centre fee is $125.

EXAMINATIONS
The Mortgages Course challenge examination is three hours in duration and will consist of 100 multiple choice questions.

Regularly Scheduled Examinations

Special Examination Centres. If you wish to write your examination in a location other than an established exam centre in British Columbia, you may apply for a Special Examination Centre. We will try to accommodate your request, but we cannot guarantee your choice of location due to the complexity of establishing new centres in numerous locations. Please note that Special Examination Centres will not be set up within 100 kilometres of an established centre.

Licensing examinations are NOT offered outside of Canada. In order to complete the course for licensing purposes, you will need to write and pass the examination in a Canadian examination centre.

Establishing a Special Examination Centre requires a $200 fee. Applications must be received at least 30 days prior to the exam date – applications will not be accepted with less than 30 days' notice. If you cancel an exam scheduled at a Special Examination Centre, you must apply with at least 30 days' notice or the fee will be forfeited. If forfeited, re-establishing a Special Examination Centre for another exam date will require a further $200 fee.

Examination Results. Regularly scheduled examination results are posted on the Course resources webpage, usually within 3 weeks of the date of the examination. No results will be provided in person, by telephone, or email.
Computerized Examination Centre (CEC)

Students may choose to write their exam at the Computerized Examination Centre (CEC) located at the UBC Real Estate Division office rather than writing on the regularly scheduled examination dates. The CEC allows students the option of writing examinations in a quiet, comfortable environment, and at a time that may be more convenient for them.

**CEC Examination Dates.** CEC examination sittings are available on Monday to Friday at either 9:00 am or 1:00 pm. Specific date and time requests are granted on a first come, first served basis; therefore, please be prepared to specify three different choices. **CEC availability is limited – due to high demand, bookings may require six weeks’ advance notice, so please plan ahead.**

**CEC Examination Registration.** If you would like to register for the CEC, a completed registration form, along with the $125 examination fee, should be faxed or mailed to the UBC Real Estate Division. Once our office receives your exam registration, it takes 3-5 days to process.

**CEC Electronic Monitoring.** All examinations are conducted in a secure Computerized Examination Centre located at the UBC Real Estate Division office. The entire duration of the examination will be monitored by closed circuit television that includes video and audio capability. No permanent record is created from the monitoring of the examination.

**CEC Examination Conditions.** If the conditions at the CEC are not satisfactory, a complaint must be received by the Exams Administrator prior to the student leaving the CEC.

**CEC Examination Results.** CEC Examination results are posted on the Course Resources webpage, usually within one business day of the date the examination was written. No results will be provided in person, by telephone, or email.

A candidate who is unable to produce an Examination Admission Ticket with a valid passport photo (photo must have been taken within 30 days of the examination date) and one of the four acceptable forms of picture identification, or whose picture is not clearly recognizable by the examiner, will be refused admittance to the exam centre. **No exceptions will be made.**

CONTINUATION AFTER FAILURE
A candidate must achieve a grade of 65% to pass. **Where a candidate fails the challenge examination, no opportunity to rewrite the examination is available.** The candidate must then apply for the next available offering of the course. No discount of tuition fees will be available.

REFUNDS
No refunds are available for Challenge Packages or examination fees.

REVISIONS TO MATERIAL
Where the course material has been amended, it is the student's responsibility to obtain and learn the amended material. Students should periodically check any bulletins posted on the Course Resources webpage. The risk of major changes increases the longer the candidate defers writing the examination.

FINANCIAL CALCULATOR
The Hewlett Packard 10BII+ (HP 10BII+) calculator will be used in the demonstration of analytical techniques in the course manual. HP 10BII+ calculators can be purchased from the UBC Real Estate Division. However, you may use any financial calculator for the challenge examination, providing it is silent, cordless, handheld, and not alphanumeric and/or programmable. If the candidate elects to use a calculator other than the HP 10BII+, he/she should be aware that the specific operational details of calculators differ, and that the onus will be on the candidate to ensure that the alternate calculator will perform all of the necessary calculations. It is the candidate's responsibility to consult the owner's manual to determine how the calculator of his/her choice operates.
