Rental Property Management Supplemental Course 2022

This Course Schedule gives the assignments and chapters that make up your Rental Property Management Supplemental Course. The assignments are taken from the Rental Property Management Licensing Course Workbook. Because your course only covers part of the materials for the Rental Property Management Course, you will only be completing some of the assignments contained in the Workbook. For your examination, you will only be responsible for the material in the lessons listed below. Students are advised to attach this Course Schedule to their Workbook to ensure that it is not misplaced.

NOTE: If you are NOT currently licensed, you should contact the Education Department of the British Columbia Financial Services Authority (604.660.3555) before you register for your examination to find out which chapters your examination will cover. You may be required to write either the supplemental or the full examination.

If you ARE currently licensed, only the material in the lessons listed below will be examinable.
