

COURSE SCHEDULE

Real Estate Trading Services Supplemental Course 2022

This Course Schedule gives the assignments and chapters that make up your Trading Services Supplemental Course. The assignments are taken from the Real Estate Trading Services Licensing Course Workbook. Because your course only covers part of the materials for the Trading Services Course, you will only be completing some of the assignments contained in the Workbook and some of the questions contained in the Exam Study Guide. The answer key in the back of the Exam Study Guide lists the questions and the corresponding chapters. For your examination, you will only be responsible for the material in the lessons listed below. Students are advised to attach this Course Schedule to their Workbook to ensure that it is not misplaced.

NOTE: If you are NOT currently licensed, you should contact the Education Department of the British Columbia Financial Services Authority (604.660.3555) before you register for your examination to find out which chapters your examination will cover. You may be required to write either the supplemental or the full examination.

If you ARE currently licensed, your exam will only cover the material in the lessons listed below.

COURSE SCHEDULE
